

THE KUREDU GOLF CLUB

Kuredu opened the first golf facility in the Maldives in 2003. Located on the eastern end of the island, next to the golf driving range and putting green, guests can play 6 par 3 holes over 297 yards on a 21,000 sq. ft course.

Six tees (one elevated tee) and six greens allow golfers to play 6, 12 or 18 holes while sharpening up their short game. Each green features three flag positions.

The greens are made of artificial turf, ensuring year round perfect playing conditions. They are well protected by bunkers, and some palm trees may prove to be a sneaky obstruction while playing island golf.

Kuredu has a driving range 200 yards long with shaded bays. Ideal for a warm up before one plays a round or a quick practice before dining. There is also a nine hole artificial turf putting green and a practice bunker, both great for beginners or to improve one's skills.

The Qualified Golf Professional is at guests' disposal to arrange private classes. There are also free 30 minute sessions 3 times each week, Monday, Wednesday and Friday at 16:00 – 16:30 in the afternoon.

The Golf Shop is fully stocked with Kuredu merchandising from golf shirts to baseball caps, souvenirs and gifts for any keen golfer.

Throughout the week, competitions such as Pool Chipping, Texas Scramble and Nearest to the pin, are scheduled to test guests' skills and win some prizes.

The all-inclusive Golf Club Bar serves your favourite drinks and has satellite TV, featuring Premier League and Bundesliga live games along with a selection of worldwide live sports. The bar is a convenient place to relax and enjoy some well-deserved refreshments after a few rounds.

At the Kuredu Golf Club, guests can play barefoot in 30°C+ sunshine on a golf course situated on an island in the middle of the Indian Ocean. There is nothing to disturb one's focus, no people stressing to hurry guests up, no extra layers of clothes stiffening golfer's swing.

There is no dress code, and no handicap is required to play. The use of equipment is included in the price. This fun, relaxed atmosphere is ideal for everyone to enjoy. Kuredu's friendly staff provides professional service.

Play the Kuredu links and enjoy a lifetime of island golf!
