

The background of the entire image is a light beige or cream color, featuring a subtle, embossed floral pattern. The pattern consists of repeating motifs of stylized flowers and leaves, creating a textured, three-dimensional effect. The central focus is the text 'Serenity spa', which is rendered in a gold or light brown color. The word 'Serenity' is in a large, elegant serif font, while 'spa' is in a smaller, lowercase serif font positioned directly below it. A small, decorative crown-like symbol is placed above the letter 'i' in 'Serenity'.

Serenity
spa

Follow a winding sandy path deep into the lush heart of Baros, where Serenity Spa waits like a secret garden in the jungle. Here, the canopy of palms, the song of tropical birds and the perfume of wild blooms create a sanctuary that feels both hidden and timeless.

This is where nature leads the way. Wander through the Baros Tree Garden, where Shirin Yoku – ‘forest bathing’ – encourages you to breathe deeply and connect with the living world around you. Each step, each breath, draws you closer to stillness.

Step into our private treatment pavilion, a sanctuary of tranquillity where soothing scents and gentle, ambient light create an inviting atmosphere. Our skilled therapists expertly blend Asia’s timeless healing traditions with cutting-edge innovations and potent natural active ingredients, transforming each session into more than just a treatment – it’s a transformative journey. This personalised experience restores your inner balance, reawakens vitality and reconnects you with the serenity of the natural world. Discover true relaxation and rejuvenation in a space designed to nurture your body, mind and spirit.

Serenity Green Signature

The perfect green prescription – a refreshing, earthy blend to ease aching muscles, calm stressed minds and revive tired skin. Your experience begins with a full body intensive massage, combining stretching, pressure points and dynamic movements to promote healthy flow and release joints. A restorative facial massage follows, using botanical active ingredients and carefully crafted essential oils to harness nature's goodness, refresh the skin and mind, leaving you in a state of blissful relaxation.

Blending Eastern and Western wisdom, our therapists use Swedish and neuromuscular techniques to ease muscular tension, while gentle lymphatic drainage restores healthy circulation. Every touch works in harmony with the rhythms of the island, leaving you deeply relaxed, recharged and renewed – body and mind in balance with nature.
