Our Story

Once a cherished home for Simon, Francesca, and Luca, the property is now a captivating Boutique Hotel. In 2024, the hotel received multiple prestigious awards, including recognition as one of the top 10 hotels in Zanzibar by Condé Nast Traveller and accolades for the best sustainable Boutique Hotel in East Africa 2024. Guests are encouraged to embrace the "Be Green" ethos, promoting a healthy lifestyle and community empowerment. The dedicated team ensures a memorable and relaxing stay. Visitors can also explore Zanzibar at the Sharazad Wonders Hotel in Stone Town, a UNESCO Heritage Site. For more information, visit www.sharazadzanzibar.com. We look forward to creating unforgettable memories with your clients!

Sustainable practices: hot water, solar panels, water supplies, and waste management.

At Sharazad, we prioritize environmental sustainability as a core part of our identity. Our eco-friendly practices include solar panel installations for hot water management and a desalinator system to minimize local water impact. While room water is safe for personal use, we provide complimentary drinking water from a licensed source. We promote a reuse and recycle ethos, partnering with waste management companies and engaging in composting for a cleaner environment. We invite you to support our green initiatives in Zanzibar for a sustainable future. Thank you for joining us on this journey.
